# Our Spring Learning Journey

## Mathematics

### Year 1

Number: place value (within 20)  
Number: addition and subtraction (within 20)  
Number: place value (within 50)  
Measurement: length and height  
Measurement: mass and volume

### Year 2

Measurement: money  
Number: multiplication and division  
Measurement: length and height  
Measurement: mass, capacity and temperature

## Science

Everyday materials, e.g. distinguish between an object and the material from which it is made; identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock

## Art and design

Collage with Augustin Edouart

*Born in Dunkirk, Augustin Edouart (1789-1861) left France in 1814, and established himself in London, where he began his career making portraits from hair. In 1825, Edouart started work as a silhouette portraitist, taking full-length likenesses in profile by cutting out black paper with scissors.*

## Computing

Creating media:

- Digital writing – Learners will familiarise themselves with typing on a keyboard and begin using tools to change the look of their writing, and then they will consider the differences between using a computer and writing on paper to create text.
- Digital music – In this unit, learners will be using a computer to create music.

## Design and technology

Textiles – Templates and joining techniques

## Geography

Our village - developing geographical skills and fieldwork while exploring the human and physical geography of our village

## History

The Great Fire of London – events beyond living memory that are significant nationally or globally

## Music

Having fun with improvisation – Improvising is fun! It's an exciting activity where everyone is creating something new. It can be a melody or a rhythm. When you improvise, you can do it on your own or in groups.

Exploring improvisation – Explore improvisation a bit further in this unit. Perhaps use two or three notes and have a go playing or singing on your own. Explore and have fun!

## Personal, social, health and economic education

Dreams and goals:  
Setting goals  
Identifying successes and achievements  
Learning styles  
Working well and celebrating achievement with a partner  
Tackling new challenges  
Identifying and overcoming obstacles  
Feelings of success

Healthy me:  
Keeping myself healthy  
Healthier lifestyle choices  
Keeping clean  
Being safe  
Medicine safety/safety with household items  
Road safety  
Linking health and happiness

## Physical education

Dance  
Team building

Ball skills  
Striking and fielding games

## Religious education

Understanding Christianity – Gospel (What is the good news Jesus brings?)

What do religions and worldviews teach about right and wrong?

## Monster Phonics

### Year 1

All National Curriculum Year 1 graphemes are taught by Week 9 of Term 2. At this point, revision lessons commence. The daily activities set out in the Revision Worksheets check for gaps in learning, further reinforce word lists, practise grammatical rules and dictation. Videos and PowerPoints from Term 1 reinforce word lists and rules. Term 2 teaches the remainder of the National Curriculum Year 1 graphemes, the next 200 HFWs, the prefix un and the k before e, i and y rule. All of the first 300 HFWs have been taught by the end of this term.

### Year 2

Term 2 completes the teaching of spelling rules with a focus on consonant suffixes, contractions and possessive apostrophes.

After a formative assessment, grapheme revision lessons commence. The daily activities set out in the Worksheet check for gaps in learning, further reinforce word lists, practise grammatical rules and dictation. Videos and PowerPoints from Term 1 reinforce word lists and rules. The weekly plan for each grapheme culminates in a writing task that encourages children to use their phonics and grammatical knowledge in their free writing.
