

ALCOHOL, DRUGS AND GAMBLING AT WORK POLICY

March 2026

We consider equality implications before and at the time that we develop policy and take decisions, not as an afterthought, and we keep them under review on a continuing basis. All policies are approved by the governing board and reviewed annually.

But the plans of the Lord stand firm for ever, the purposes of his heart through all generations.

*Psalm 33:11
New International Version*

Alcohol, Drugs, and Gambling at Work Policy

Date of issue: April 2024

Changes since previous version:

No material changes made; all provisions remain the same.

1. SCOPE

This policy applies to all employees and workers, etc. It has been subject to consultation with Trade Unions. It does not form part of anybody's contract of employment and may be varied.

This policy is supported by and should be read in conjunction with other policies, specifically, Health and Attendance, Wellbeing, Disciplinary and Code of Conduct.

2. INTRODUCTION

We are committed to providing a safe and productive work environment and to promoting the health, safety, and wellbeing of our employees.

Alcohol and drug misuse has a detrimental effect on health, influences work performance, employee relationships, reduces efficiency, increases sickness absence, and increases health and safety risks not only for the individual concerned but also for others, for example colleagues, pupils, parents, and contractors.

Compulsive gamblers, unlike most casual gamblers who stop when losing or set a loss limit, are compelled to keep playing to recover their money which is a pattern that becomes increasingly destructive over time and risks the ongoing employment relationship through financial problems including bankruptcy, legal problems including imprisonment, poor work performance and relationship problems with colleagues.

This policy is not intended to apply to "one off" incidents or offences caused by alcohol or drug misuse at or outside work, where there is no evidence of an ongoing problem.

Incidents which may damage our reputation will be dealt with under the Disciplinary Policy and Procedure.

2.1. Purpose

This policy covers the use and misuse of intoxicating substances, which include alcohol, solvents, legal and illegal drugs, prescription and over the counter medicines and other substances that could adversely affect work performance and/or health and safety. It also covers gambling addiction.

It is our policy to:

- promote a responsible attitude to the consumption of alcohol and gambling.
- prohibit gambling, the taking of illegal drugs or alcohol during working hours.
- offer help and support to those with an alcohol, drug related or gambling problem.
- treat addiction to gambling, alcohol and or drugs as a health problem and arrange for employees to seek professional advice.

2.2. Definitions

Drug misuse refers to the use of illegal drugs and the misuse, of prescribed drugs and

substances which change how the body works or feels.

Alcohol misuse is defined as a level of consumption which affects an employee's ability to carry out their duties.

Compulsive gambling/gambling disorder is the uncontrollable urge to keep gambling even when something of value is at stake, such as a relationship or work.

3. EMPLOYEE RESPONSIBILITIES

You are expected to ensure that your personal consumption of alcohol or use of prescribed drugs does not interfere with your ability to perform your duties safely and competently.

If you are suffering from gambling, drug and or alcohol addiction you should declare such dependency to your Line Manager.

You are responsible for allowing sufficient time for intoxicating substances to leave your system before reporting for work, this can apply to the next day.

You are forbidden from gambling, consuming alcohol, or taking illegal drugs at any time during the working day (including breaks) and must not use our property for online gambling.

Exceptions apply to prescribed drugs for the individual or over the counter medicines used for their intended purpose (in accordance with the instructions given by the prescriber, pharmacist, or manufacturer), and where the safety of the individual or others with whom they come into contact is not compromised. You must notify your line manager if the medication is likely to cause side effects prior to its use.

You must inform your line manager in all cases where Class A drugs have been prescribed for medical use.

You have a duty to report any concerns relating to any breach of the principles in this policy to ensure a safe environment and in recognition of a duty of care for others. All reports should be made to a member of the senior leadership team.

Any breach of employees' responsibilities under this policy are likely to be dealt with in accordance with the Disciplinary Policy and Procedure.

4. POSSESSION OR DEALING IN DRUGS

Possession or dealing in drugs should be reported to the Police immediately. We will give reasonable consideration, before taking any action, to making a referral to the Local Authority Designated Officer. We will not alert the employee of our intention to call the police and should avoid sending the employee home until advice has been sought.

5. DRIVING BANS RELATED TO DRUGS AND/OR ALCOHOL

Where employees are required to drive as part of their conditions of employment and are disqualified from driving as a result of an alcohol or drugs related offence, we may consider

redeployment. If redeployment within is not an option, then the employees' continuing employment may be at risk.

6. CONSUMPTION OF ALCOHOL AT WORK

Whilst this policy stresses that the consumption of alcohol during the working day, including breaks is forbidden, there may be circumstances where the consumption of alcohol may be permitted at our discretion. It is our responsibility to clearly define the occasions when the sensible consumption of alcohol will be permitted for example on trips or social events.

Clear guidelines must be put in place so that all employees are fully aware of what the expectations are for the consumption of alcohol at such events and the consequences of a breach of such guidelines e.g., investigation under the Disciplinary Policy. Employees must demonstrate responsible behaviour and remain professional throughout any social event where despite alcohol being present the employee is considered to be "at work".

7. Appendix 1 – Support Groups

Organisation	Details	Telephone	Website
HSE (Health & Safety Executive)	Useful section on drugs and alcohol in the workplace	NA	www.hse.gov.uk/alcoholdrugs/index.htm
