

CHILDREN WITH HEALTH NEEDS WHO CANNOT ATTEND SCHOOL POLICY

December 2025

We consider equality implications before and at the time that we develop policy and take decisions, not as an afterthought, and we keep them under review on a continuing basis. All policies are approved by the governing board and reviewed annually.

But the plans of the Lord stand firm for ever, the purposes of his heart through all generations.

*Psalm 33:11
New International Version*

1. Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

2. Legislation and guidance

This policy reflects the requirements of the Education Act 1996.

It also based on guidance provided by our local authority.

3. The responsibilities of the school

3.1 If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

Each class page of the website has a sub-page for remote education, updated half-termly. This is supplemented either as required or after a week with tailored provision following consultation between parents or carers and teachers, maintaining direct contact with pupils and culminating in a reintegration meeting.

3.2 If the local authority makes arrangements

During the first 15 working days of a pupil's absence, the responsibility to provide and mark schoolwork remains with the school.

If the school can't make suitable arrangements, Hertfordshire will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully
- When reintegration is anticipated, work with the local authority to:

- Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
- Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
- Create individually tailored reintegration plans for each child returning to school
- Consider whether any reasonable adjustments need to be made

4. Monitoring arrangements

This policy will be reviewed annually by the headteacher. At every review, it will be approved by the full governing board.
