

The Northaw Curriculum

Religious education

Therefore do not let anyone judge you by what you eat or drink, or with regard to a religious festival, a New Moon celebration or a Sabbath day.

Colossians 2:16
New International Version

At Northaw, we aim to follow the statutory national curriculum, guidance on relationships and health education, and framework for the early years foundation stage, and the Church of England statement of entitlement through The Northaw Curriculum, which comprises all learning and other experiences, the hidden curriculum, that we plan for our pupils. Programmes of study are enhanced by added value, learning sequences and progression frameworks.

At Northaw, we see pupils as discoverers, exploring subjects. The core subjects are English, mathematics and science. The other foundation subjects are art and design, computing, design and technology, languages (French), geography, history, music; personal, social, health and economic education (including relationships education), physical education and religious education. They build on the areas of learning and development in the early years foundation stage. The prime areas are communication and language, physical development, and personal, social and emotional development. The specific areas are literacy, mathematics, understanding the world, and expressive arts and design.

At Northaw, we are committed to providing an ambitious, inclusive, broad and balanced curriculum rooted in Christian values that endows every child with the knowledge and cultural capital, skills, understanding and vocabulary to fulfil their potential while nurturing well-being, and prepares them for citizenship, future learning and employment, and lifelong faith. Equally designed to meet the needs of pupils whose attainment is significantly above the expected standard, the particularly disadvantaged and those with SEND, our curriculum is demanding, setting suitable challenges and overcoming would-be barriers to achieve the best possible outcomes consistently for all. Building on our Christian vision, The Northaw Curriculum affords space for a deepening spiritual awareness, the development of moral attitudes and a strengthened sense of community. Coherently sequenced, our curriculum frees teachers to deliver clear, engaging lessons, adapted when necessary to address both gaps and misconceptions, and promote appropriate discussion in environments focused on pupils who produce high-quality work and are supported to retain content and acquire mastery. Phonics and reading are prioritised, allowing pupils to access the full education offer; opportunities to develop fluency in mathematics and English across the curriculum bolstered by enhanced learning powers (the 6Rs) lead to success in life. Integrated with our curriculum, daily acts of collective worship are occasions for personal reflection, communal growth and further exploration of life's big questions, sitting alongside academic progress.

Purpose of study

The Hertfordshire Agreed Syllabus enables schools to achieve high quality RE for all. Teaching needs to provide pupils with a systematic knowledge and understanding about Christianity, principal religions and worldviews, which guide people through life. RE aims to enable pupils to become religiously, theologically and philosophically literate so they can engage in life in an increasingly diverse religious and secular society. It is not about telling pupils what views they should have but rather assists them in gaining shared human understanding, developing personal identity and searching for meaning in the context of evaluating different viewpoints.

Added value

At Northaw, religious education enables every child to flourish and live life in all its fullness. It helps educate for dignity and respect encouraging all to live well together. Such an approach is offered through a commitment to generous hospitality, being true to our underpinning faith, but with a deep respect for the integrity of other religious traditions (and worldviews) and for the religious freedom of each person. Although the latest version of the Hertfordshire Agreed Syllabus for Religious Education closely informs our pedagogical thinking, we have greater freedom in devising coverage than other maintained schools, and focus on understanding Christianity, exploring religions and non-religious worldviews, and thematic studies while developing spirituality, multi-disciplinary approaches (philosophy, sociology and theology), and a greater appreciation of diverse expressions and lived experiences. The first lesson each half term allows pupils to reflect on our faith-based values. We are working towards at least one member of staff having religious education qualifications or receiving specialist training, and all staff teaching religious education having access to subject specific professional development. Key questions generated each lesson are recorded on yellow flash cards, placed in the class knowledge jar and used for systematically practising recall. Ofsted's research review series and subject report series have informed our practice in this area.

Aims

The Northaw Curriculum for religious education aims to ensure that all pupils:

- know, understand and explore the significance and impact of sacred texts, other sources of wisdom and ways of expressing meaning
- express ideas and insights about the nature of beliefs, values and practices and their impact on the identity of individuals and communities locally, nationally and globally
- recognise and explore similarities and differences which exist within and between religious and non-religious worldviews
- express with increasing discernment their personal reflections, critical responses and connections to faith and belief enquiring into and responding to spiritual, philosophical, moral and ethical issues
- engage with the questions and responses offered by religions and worldviews concerning ultimate questions and human responsibility
- develop the skills required to engage with others in dialogue and to cooperate in society with respect and compassion.

Early years foundation stage – nursery and reception

Understanding the world

People, culture and communities

Children at the expected level of development will:

- know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class

Children in nursery will be learning to:	Examples of how we support this:
Continue developing positive attitudes about the differences between people.	Ensure that resources reflect the diversity of life in modern Britain. Encourage children to talk about the differences they notice between people, whilst also drawing their attention to similarities between different families and communities. Answer their questions and encourage discussion. Suggestion: talk positively about different appearances, skin colours and hair types. Celebrate and value cultural, religious and community events and experiences. Help children to learn each other's names, modelling correct pronunciation.
Children in reception will be learning to:	Examples of how we support this:
Understand that some places are special to members of their community.	Name and explain the purpose of places of worship and places of local importance to the community to children, drawing on their own experiences where possible. Take children to places of worship and places of local importance to the community. Invite visitors from different religious and cultural communities into the classroom to share their experiences with children.
Recognise that people have different beliefs and celebrate special times in different ways.	Weave opportunities for children to engage with religious and cultural communities and their practices throughout the curriculum at appropriate times of the year.

Help children to begin to build a rich bank of vocabulary with which to describe their own lives and the lives of others.

Early years foundation stage programme of study

Pupils should be taught to:

Beliefs and practices

- share their own beliefs, ideas and values and listen to and reflect on those of others in the class and beyond

Sources of wisdom

- listen and respond to a range of stories that engage them, including faith stories, fables, some prayers, reflections and wise sayings

Symbols and actions

- directly experience religion, its symbols and actions
- engage with artefacts, people and places
- explore local places of importance, including at least one place of significance for a religious family
- share their own experiences of places which are important to them

Prayer, worship and reflection

- learn about key figures in their own lives and key members of a local religious group
- listen and respond to visitors from faith communities
- talk about prayer and worship and experience times of quiet and stillness

Identity and belonging

- explore how people know that they belong to a family and other groups, including religious groups

Ultimate questions

- experience aspects of the natural world, using their imagination and curiosity about life and develop their appreciation and wonder of the world in which they live
- ask questions that are philosophically challenging and consider answers

Human responsibility and values

- explore some of the ways in which people express care and concern for each other and the importance of this for relationships
- develop an awareness of their own values and those of others

Justice and fairness

- understand what is right and wrong and why

- consider the consequences of their words and actions for themselves and others.

Early years foundation stage learning sequence

Autumn	Spring	Summer
Understanding Christianity – God/Creation (Why is the word ‘God’ so important for Christians?)	Bible stories – Noah’s Ark	Bible stories – Jonah and the Whale
Why and how do Christians celebrate Christmas?	Hindu stories – Rama and Sita	Sikh stories – The Milk and the Jasmine Flower or Duni Chand and the Silver Needle
<i>The Bishop’s Harvest Appeal (the first week in October)</i>	Christian ceremonies – Christenings (compare with Muslim rituals)	Christian ceremonies – Weddings (compare with Jewish rituals)
	Why and how do Christians celebrate Easter?	Understanding Christianity – God/Creation (How can we care for our wonderful world?)

In the early years foundation stage, religious education is taught discreetly. As a church school, most of our focus is Christianity; however, we also cover other principal religions and worldviews. Religious education is timetabled for at least 45 minutes every week. Progress is logged on Tapestry. Summative assessment is completed at the end of each year with pupils categorised as either working below the expected standard (PRE), working towards the expected standard (WTS), working at the expected standard (EXS) or working at greater depth within the expected standard (GDS) for their year group.

Early years foundation stage progression framework

By the end of EYFS the religiously, theologically and philosophically literate pupil should:

Share their family traditions and the joy of celebrations, beginning to explore those of other belief communities. Respond, through talk, gesture and play about religious stories, objects, people and practices. Use some basic religious vocabulary and use their imagination and curiosity to develop their interest in the world around them. Ask questions about the meaning and importance of what they are learning.

Parents and carers have the right to withdraw their child from RE. They might exercise this right by speaking with the headteacher.

Attainment targets

By the end of each key stage, pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study.

Subject content

Key stage 1 – years 1 and 2

Key stage 1 programme of study

Pupils should be taught to:

Beliefs and practices

- recall and name different beliefs and practices including festivals, worship, rituals and ways of life in order to find out about the meanings behind them

Sources of wisdom

- retell and suggest meanings to some sources of wisdom and stories of faith and belief, exploring and discussing sacred writings and sources of wisdom and recognising the traditions from which they come

Symbols and actions

- recognise how and why symbols and actions express religious meaning, appreciating some similarities between communities

Prayer, worship and reflection

- respond to and reflect on what individuals and communities do and why, so that pupils begin to understand what prayer, worship and reflection mean to a religious community

Identity and belonging

- notice and talk about how groups express their identity and belonging
- listen to and talk with people including leaders who belong to a faith community about how their commitment affects their lives

Ultimate questions

- explore questions about belonging, meaning and truth so that they can express their own ideas and opinions

Human responsibility and values

- respond to stories and real-life examples of how and why people show care and concern for humanity and the world

Justice and fairness

- reflect on ideas about what is right and wrong and consider how spiritual and moral values influence the behaviour and choices of themselves and of others.
